You're smart and hard working, but guess what?so is everyone else. So how do you stand out? You need to distinguish yourself in order to get ahead, but simply being good at your job is not enough. Moving up is about soft skills, networking, client connections, emotional intelligence, and your personal reputation. This book is a frank and candid guide to what it really takes to succeed in the field, packed with insights, stories, and actionable tips based on the author's 40 years at Morgan Stanley. You'll learn how to lead, when to follow, and how to build the reputation you need to get ahead in a competitive field. This book shows you how to step up your relationships, strengthen your soft skills, and build your brand for success. Differentiate yourself and expand your career Build relationships through planning and preparation and deliver commercial results Lead effectively, increase productivity, and build a better work environment Build, enhance, and leverage your personal brand to support your own success Network effectively to find mentors and sponsors Realizing your career goals means being visible, having influence, and crafting a reputation as a valuable contributor while delivering outstanding results. UNEQUALED shows you how to adapt yourself, collaborate with colleagues, influence clients, and become an excellent boss.

In today's working environment building your career success can seem like a minefield, conditions such as increasing levels of competition, accountability, limited potential for advancement, and lack of opportunities can prevent you from developing career success.

ⓘA refreshing message ... from someone who has fought many corporate wars.ⓘThe New York Times With the latest stories from D'Alessandro's neverending collection of corporate derring-do and new insight on the global battlefield, the nationally bestselling Career Warfare is more essential than ever when navigating your way to success. ⓓD'Alessandro dares to speak the truth. If you don't manage your own reputation, those around you will. This is no theoretical exercise. In corporate America, people talk about you every day. You can affect what they say. ⓓWith a cut-the-scrap sharp eye for the passions, yearnings, and follies that drive every organization, D'Alessandro draws apart the drapes and reveals what it really takes to get ahead in business.ⓓJames Carville, author and Democratic Strategist ⓓWith good jobs becoming harder to find, D'Alessandro's sage advice is more timely and important than ever, especially for those who are trying to build their personal brands and enhance their careers at the same time.ⓓTom Neff, Chairman, U.S. Spencer Stuart ⓓSmart, strategic, and useful career advice from someone who has actually achieved success in the real world.ⓓHarvey Mackay, author of the #1 New York Times bestseller Swim With The Sharks Without Being Eaten Alive

What if you woke up tomorrow and you had the "secret sauce" to creating the wildly successful career you've always dreamed of having? Or what if the person who got the plum assignments, who was mentored by the CEO, secured the coveted promotions and was the envy of everyone at work, what if that person was you? Well guess what? It can be. In this entertaining and inspiring career manifesto, Williams outlines specific strategies and actions to take to transform your stalled or hum drum vocation into a wildly successful career. In this book, you'll learn... Essential strategies for building the right relationships How to develop a Performance Point of View Unique ways high potential employees set themselves apart from the pack How to make your manager your advocate The right way to create a career strategy that will get you promoted

The only series of step-by-step guides to succeeding in the skilled trades and achieving the American dream. At Your Best as an HVAC/R Tech is your playbook for learning if a career as an electrician is right for you, progressing from pre-apprentice to journeyman to master technician, and launching your own small business. Learn: What does a career as an HVAC/R tech look like? Why should you consider becoming an HVAC/R tech? How do you become a successful craftsman as an HVAC/R tech? How much can you make as an HVAC/R tech? What are your career options once you become an HVAC/R tech? How long does it take to be successful at each stage in a HVAC/R tech's career? How and where do you find work as an HVAC/R tech? What does it take to strike out on your own? What does it take to launch and build a successful small business? At Your Best is the only step-by-step handbook to finding if a career in the trades is right for you, educating yourself and earning the proper certifications, establishing yourself as an excellent apprentice and journeyman in the industry, and moving on to start your own small business in the trades. At each step of the way, your At Your Best playbook provides the information, recommendations, outside resources, and concrete actions needed for taking the next successful step in You, Inc. Whether you are beginning your first career, changing careers, or ready to move up and start your own business as a carpenter, plumber, HVAC/R tech, or other tradesman, this is the book that will tell you how. There currently over 6.5 million unfilled jobs in the skilled trades in the US. Despite being well-paying and secure, these jobs remain open because enough qualified candidates with the skills, attitude, and experience required do not exist. Moreover, plenty of opportunity exists for established tradespeople to start their own business, but they have no guidance. The At Your Best Playbooks series changes that.

To date, non-medical researchers, particularly those working in nursing and allied health, have suffered from a general lack of good, strategic advice on how to build their careers. Designed to assist readers in building their careers. A Self-fulfilling Prophecy: Building a Successful Career in Health Research, is a fascinating insight into author Simon Stewart's, career as a health researcher. Using his unique experiences as a basis for the book, Stewart helps identify and overcome the many different obstacles of building an effective career framework. The book breaks down the key to a successful career in health research, through a systematic analysis of how you can improve your curriculum vitae and positively influence external factors that will determine the eventual success of your career. PhD candidates and Post-Doctoral Fellows provide insights into how they have developed their own research careers, thus providing evidence that it is possible to achieve something substantive if you are able to think and judge your career in a critical manner. A Self-fulfilling Prophecy: Building a Successful Career in Health Research offers guidance on the following issues: How to choose an attractive research topic How to benchmark yourself against peer competitors How to compose a competitive research grant application How to improve your overall skills as a health research How to break the mould and stand out as a health researcher This book will be a useful and informative read for anyone who is starting a career in both non-medical and medical health research or for readers who are looking for direction and inspiration in their existing career.

Book More Shows that Pay More! "The Showbiz Master Plan" is a live entertainer's blueprint to creating a money-generating brand, making a consistent 6-figure income and setting up for retirement.The goal of any entertainer is to bring joy to people but most will agree that making money is also important. While the notion of a struggling artist is a common perception of the realities of show business, it does not have to be the case.The truth is; while there many entertainers who barely make ends meet each month, there are also many entertainers around the world who make a decent living from their art or craft. In fact, there are also many entertainers around the world who are very successful and financially comfortable. These are highly successful entertainers who may not be A-list international celebrities, movie stars or recording artists, but are giants in their respective specialized fields or cities/ countries.One thing many of these entertainers have in common is the strategy and approach to their business and careers. They all understand that show business is not just about the show but also about the business.This book is filled with incredible stories, practical advice, time-tested tips and market-proven action-steps on how to build a successful career as a performing artist and live entertainer.Learn how to:• Be a Successful Creative Entrepreneur• Build Your Brand• Dominate Your Niche Market• Harness the Power of Positioning• Price & Negotiate Big Money Shows• Find Your Big Break• Grow Your Business• Get Paid Without Performing• Invest for Your Future• Handle Career Challenges and FailureAs a bonus, learn three instant money tips to increase your income immediately without performing more shows.This book was written to benefit all types of entertainers such as:• Aerialists• Balloon Artists• Bands• Circus Acts• Comedians• Contortionists• Dancers• Escape Artists• Face Painters• Hypnotists• Illusionists• Impersonators• Instrumentalists• Jugglers• Magicians• Mime Artists• Musicians• Singers• Variety Artists• Ventriloquists• Vocalists

"Consulting is one of the fastest growing occupations in the United States. This innovative volume offers basic guidance on the fundamentals of consulting, with authoritative essays by leaders in the field. Hedge and Borman and their colleagues guide their readers through a career continuum, beginning with learning about potential employers to creating and maintaining a business and watching it grow and thrive. In chapters that combine a strong grounding in contemporary industrial and organizational (IO) research with personal accounts of their career journeys and day-to-day activities, the contributors bring the basic principles conveyed by Hedge and Borman to life. Readers hear of the extraordinary breadth of consulting experiences--in the private and public sectors, the military, and academia. The authors consider such topics as strategic planning, points of entry into the field, ethics and networking, and the advantages and disadvantages of joining a large firm versus starting up one's own consulting practice. The principles and perspectives detailed in this book will resonate with psychology graduate students embarking on their careers as well as seasoned professionals weighing new career directions"--Jacket.
