Revised with nearly half of its material newly written, Fresh Encounter by the authors of Experiencing God helps readers understand how God brings spiritual revival to individuals and the church.

Participants will understand and apply seven realities of experiencing God. Churches will be helped to better function as the body of Christ, as members understand how to experience God as a church.

An award-winning book from a multimillion selling author, now available in paperback for the first time! Henry Blackaby says, "As important as Experiencing God has been to many people, A God Centered Church is a necessary sequel. Christians must make the transition from knowing and doing the will of God as individuals to knowing and doing the will of God within a corporate body of believers." Indeed, there is a corporate nature to salvation. God saves individuals but places them in community with one another—a community of believers. God is creating for Himself a people through whom He can accomplish His purposes in our world. Experiencing God Together help churches experience the fullness of life as a congregation, a manifest presence of God in their midst, and a love that could only come from above.
