Norwegian: A Comprehensive Grammar is a complete reference guide to modern Norwegian (the Bokmål standard). The Grammar is an essential source for the serious student of Norwegian, and for students of comparative linguistics. It is ideal for use in colleges, universities and adult classes of all types. The volume is organised to promote a thorough understanding of Norwegian grammar. It presents the complexities of Norwegian in a concise and readable form. Explanations are full, clear and free of jargon. Throughout, the emphasis is on Norwegian as used by present-day native speakers. An extensive index, numbered paragraphs, cross-references and summary charts provide readers with easy access to the information they require.

Multi Linguis offers you a frequency-thematic learner's dictionary of the Bokmål Norwegian language. It includes up to 6000 essential words and phrases belonging to the levels from Beginner to Intermediate (A1 - B1.2 CEFR). The entries are divided into 150 vocabulary themes as well as 4 learning steps. They are arranged by steps and then by themes, not by the alphabet. The book is intended to help you learn this language step by step but can also be applied for translating or entertaining. You may use it separately or as an additional tool for any suited educational course. The Multi Linguis Project is based on the Wiktionary corpus and created by one person. The database of the Learner's Dictionaries includes 9 000 lemmas (words and phrases), their translations in many languages as well as transcriptions, transliterations and grammar information. All these lemmas are divided into 6 learning steps of 1500 entries each and also 150 vocabulary themes grouped in 30 super themes. They can be arranged by themes, steps, parts of speech or keywords, but never by the alphabet. Different types of dictionaries are offered for the same language. They are designed in an original way to be convenient and efficient. All of them are available in epub format. Multi Linguis is presently able to publish such books for more than 70 languages. It's planned to improve them and increase their number. You can find more dictionaries in this store.
