BESTSELLER - "Terrific... gripping... A literally shattering climax." -- The New York Times Book Review
All along the Mediterranean coast, the Roman empire's richest citizens are relaxing in their luxurious villas, enjoying the last days of summer. The world's largest navy lies peacefully at anchor in Misenum. The tourists are spending their money in the seaside resorts of Baiae, Herculaneum, and Pompeii. But the carefree lifestyle and gorgeous weather belie an impending cataclysm, and only one man is worried. The young engineer Marcus Attilius Primus has just taken charge of the Aqua Augusta, the enormous aqueduct that brings fresh water to a quarter of a million people in nine towns around the Bay of Naples. His predecessor has disappeared. Springs are falling for the first time in generations. And now there is a crisis on the Augusta's sixty-mile main line-somewhere to the north of Pompeii, on the slopes of Mount Vesuvius. Attilius-decent, practical, and incorruptible-promises Pliny, the famous scholar who commands the navy, that he can repair the aqueduct before the reservoir runs dry. His plan is to travel to Pompeii and put together an expedition, then head out to the place where he believes the fault lies. But Pompeii proves to be a corrupt and violent town, and Attilius soon discovers that there are powerful forces at work-both natural and man-made-threatening to destroy him. With his trademark elegance and intelligence, Robert Harris, bestselling author of Archangel and Fatherland, re-creates a world on the brink of disaster.

A number one bestselling Roman thriller from the award-winning master of the literary and historical thriller genre: Robert Harris. A thrilling depiction of one of the most famous natural disasters in human history: the explosion of Mount Vesuvius. A sweltering week in late August. Where better to enjoy the last days of summer than on the beautiful Bay of Naples? But even as Rome's richest citizens relax in their villas around Pompeii and Herculaneum, there are ominous warnings that something is going wrong. Wells and springs are falling, a man has disappeared, and now the greatest aqueduct in the world - the mighty Aqua Augusta - has suddenly ceased to flow. Through the eyes of four characters - a young engineer, an adolescent girl, a corrupt millionaire and an elderly scientist - Robert Harris brilliantly recreates a luxurious world on the brink of destruction.

From the bestselling author of Fatherland and Pompeii, comes the first novel of a trilogy about the struggle for power in ancient Rome. In his "most accomplished work to date" (Los Angeles Times), master of historical fiction Robert Harris lures readers back in time to the compelling life of Roman Senator Marcus Cicero. The re-creation of a vanished biography written by his household slave and righthand man, Tiro, Imperium follows Cicero's extraordinary struggle to attain supreme power in Rome. On a cold November morning, Tiro opens the door to find a terrified, bedraggled stranger begging for help. Once a Sicilian aristocrat, the man was robbed by the corrupt Roman governor, Verres, who is now trying to convict him under false pretenses and sentence him to a violent death. The man claims that only the great senator Marcus Cicero, one of Rome's most ambitious lawyers and spellbinding orators, can bring him justice in a crooked society manipulated by the villainous governor. But for Cicero, it is a chance to prove himself worthy of absolute power. What follows is one of the most gripping courtroom dramas in history, and the beginning of a quest for political glory by a man who fought his way to the top using only his voice-defeating the most daunting figures in Roman history.

<p>Retired British prime minister Adam Lang sets out to write a tell-all memoir of his life and political career, an effort for which he hires a ghostwriter who uncovers dangerous secrets about the former leader's term.</p>
<p>The long-awaited final volume of the Cicero Trilogy, from a beloved bestselling author "incapable of writing an unenjoyable book" (The Wall Street Journal). At the age of forty-eight, Cicero-the greatest orator of his time-is in exile, his power sacrificed on the altar of his principles. The only way to return to Rome is to pledge his support to a charismatic and dangerous enemy: Julius Caesar. Harnessing his political cunning, unrivalled intellect, and the sheer brilliance of his words, Cicero fights his way back to prominence. Yet no public figure is completely safeguarded against the unscrupulous ambition of others. Riveting and tumultuous, Dictator encompasses the most epic events in ancient history, including the collapse of the Roman Republic, the murder of Pompey, and the assassination of Caesar. But its central question is a timeless one: how to keep political freedom unswilled by personal gain, vested interests, and the corrosive effects of ceaseless foreign wars. In Robert Harris's indelible portrait, Cicero is a deeply fascinating hero for his own time and for ours.</p>

<p>Pompeii is the best known and probably the most important archaeological site in the world. This book, now available in paperback, is the most up-to-date, authoritative and comprehensive account for the general reader of its rise, splendour and fall. The drama of Pompeii's end has been handed down by Roman writers, its paintings and mosaics have astonished visitors since their discovery, and its houses and public buildings still present a vivid picture of life, disaster and death in a Roman town.</p>
<p>At the nexus of high finance and sophisticated computer programming, a terrifying future may be unfolding even now. Dr. Alex Hoffmann's name is carefully guarded from the general public, but within the secretive inner circles of the ultrarich he is a legend. He has developed a revolutionary form of artificial intelligence that predicts movements in the financial markets with uncanny accuracy. His hedge fund, based in Geneva, makes billions. But one morning before dawn, a sinister intruder breaches the elaborate security of his lakeside mansion, and so begins a waking nightmare of paranoia and violence as Hoffmann attempts, with increasing desperation, to discover who is trying to destroy him. Fiendishly smart and suspenseful, The Fear Index gives us a searing glimpse into an all-too-recognizable world of greed and panic. It is a novel that forces us to confront the question of what it means to be human-and it is Robert Harris's most spellbinding and audacious novel to date.</p>
