Knowing what to do with your money is more important than ever. Gitman/Joehnk/Billingsley's market-leading PERSONAL FINANCIAL PLANNING, 13E, provides students with the tools, techniques, and understanding they need to define and achieve their financial goals. The book follows a life-cycle approach--addressing financial plans, assets, credit, insurance, investment, and retirement--as individuals and families progress through life. The latest updates reflect the most recent financial developments and research--from new tax laws and the latest financial data to professional financial advice that considers the impact of the recent global financial crisis. The 13th edition is packed with new information relevant to today's students--for example, changing spending habits for the better, knowing the right questions to ask a financial adviser, using tips on budgeting and planning for retirement, knowing what to look for when choosing a bank, knowing whether to buy or lease a car, knowing what's important when buying your first home, and choosing the right credit card. All-new features teach you to use today's critical financial tools and technology, including financial planning software. CFP practice questions provide valuable practice. The CengageNOW online learning system helps you complete your homework and achieve the grade you want. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Master the human relation skills you need to become successful in today's workplace with one of the most widely used human relations texts available. EFFECTIVE HUMAN RELATIONS incorporates hundreds of examples of real human relations issues and practices in successful companies. This comprehensive 13th edition explores goal- setting, the root causes of negative attitudes, the use of personal branding and social media in the job market, emotional intelligence, positive psychology and happiness, and how companies create a dynamic company cultures. Self-assessments and self-development opportunities throughout the book teach you to assume responsibility for improving your personal skills and competencies. This text will help you gain the insights, knowledge and relationship skills you need to deal successfully with the wide range of people-related challenges in business today. It is a text you can continue to refer to throughout your life! Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

For undergraduate courses in Risk Management and Insurance. This title is a Pearson Global Edition. The Editorial team at Pearson has worked closely with educators around the world to include content which is especially relevant to students outside the United States Complete and current coverage of major risk management and insurance topics. Principles of Risk Management and Insurance is the market-leading text for this course, ideal for undergraduate courses and students from a mix of academic majors. Focusing primarily on the consumers of insurance, this text blends basic risk management and insurance principles with consumer considerations. This edition addresses the unprecedented events that have

occurred in today's economy, highlighting the destructive presence of risk to students.

For undergraduate courses in Investments. The core concepts and tools readers need to make informed investment decisions Fundamentals of Investing helps individuals make informed investment decisions by providing a solid foundation of core concepts and tools. Smart, Gitman, and Joehnk use practical, hands-on applications to introduce the topics and techniques used by both personal investors and money managers. The authors integrate a consistent framework based on learning goals to keep readers focused in each chapter. Readers leave with the necessary information for developing, implementing, and monitoring a successful investment program. The 13th Edition uses a conversational tone to make the foreign language, concepts, and strategies of investing accessible to readers. With the help of examples throughout, readers learn to make informed decisions in order to achieve investment goals. The book focuses on both individual securities and portfolios, teaching readers to consider the risk and return of different types of investments and how to use this knowledge to develop, implement, and monitor goals. Also available with MyLab Finance MyLab™ Finance is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Fundamentals of Investing, 13th Edition is also available via Revel™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.
