Macroeconomics by Froyen, T Richard
- Biblio.com

Mercantilism is an economic system which was associated with the rise of the nation state in Europe during the 16 th and 17 th centuries. According to this theory, an economy's success depends on the supply of funds in terms of gold and silver, and aggressive market access with their goods over the whole world.

accounting with an understanding of the uses and limitations of cost and financial data for managerial operations. The text of the subject matter has been presented in a student-friendly, simple and intelligible manner. Every discussion involving conceptual complexity is immediately illustrated by a numerical example. In addition, the book contains a liberal sprinkling of charts and diagrams so as to make the subject easily understandable and highlight its finer points. The subject matter has been organized on 'first things first' basis for its logical presentation that sustains interest. The approach of the book is examination oriented. Thus, a good number of problems and solutions have been included in its chapters. Theoretical and numerical questions have been mostly selected from
