Our Mission: Teacher Created Materials develops innovative and imaginative educational materials and services for students worldwide. Everything we do is created by teachers for teachers and students to make teaching more effective and learning more fun.

Capture the adventure students feel as they advance to a new grade level, encounter new concepts, and master new skills. These motivating activities cover language arts, math, science, and social studies. A bonus section at the end of each book provides a jump start to the next grade level, with a selection of language arts and math activities.

This graph art activity book is a compilation of holiday pictures which are designed to fit graph paper squares. The child colors in the squares on graph paper according to the direction sheet, and a mystery picture appears.

This book has literature activities that correlate with the book A "Christmas Carol" by Charles Dickens.

This book gives the student a step-by-step format for the creation and construction of their individual reports on one of the fifty states.

Contains activities for primary children who are learning basic map skills.

Capture the adventure students feel as they advance to a new grade level, encounter new concepts, and master new skills. These motivating activities cover language arts, math, science, and social studies. A bonus section at the end of each book provides a jump start to the next grade level, with a selection of language arts and math activities.

Learn about changing weather, why we have a mountain of presidents, and how you can be a good citizen in this library collection. These topics and many more are covered in this engaging library collection, specifically created for early learners. These colorful, high-interest books feature content from TIME FOR KIDS®, with themes from science, mathematics, and social studies. Children will want to read these books that include familiar concepts, high-interest content, and a variety of colorful graphics. Titles in this collection include: Changing Weather; Mountain of Presidents; Always Growing; Skin; My Birthday Party; Being a Good Citizen; Good Work: Simple Tools; Use Math: Group It; Workers Who Take Care of Me; Marvelous Me: My Face; and Good for Me: Love.

Today's students need to know how to evaluate sources and use evidence to support their conclusions. This K-12 resource for teachers provides instructional support as well as a variety of learning opportunities for students. Through the activities in this book, students will ask and answer compelling questions, analyze primary sources, approach learning through an inquiry lens, and hone their historical thinking skills. The lessons teach skills and strategies for analyzing historical documents, partnered with document-based assessments. Graphic organizer templates help students structure their analyses. This resource prepares students for standardized tests and engages students with inquiry. The scaffolded approach to teaching analysis skills can be applied across grades K-12.

Introduces basic concepts of paragraph writing, explains the essentials of paragraphs, and provides practice exercises.
