Feminism has dramatically influenced the way literary texts are read, taught and evaluated. Feminist literary theory has deliberately transgressed traditional boundaries between literature, philosophy and the social sciences in order to understand how gender has been constructed and represented through language.

Feminists have joined in celebrating and critiquing utopianism. On the one hand they have profited from the socio-political changes that visions of better societies have impelled; on the other, they have called into question utopias that depict static perfection - societies so ideal that they have nowhere to go, rely on rigid hierarchies and use coercion to maintain their perfect order.
