...

The Coddling of the American Mind. In the article, "The Coddling of the American Mind," by Andrew B. Myers, the changing climate of university campuses is discussed in regards to the larger student body and their efforts to remove perceived offensives on a number of topics and issues. Throughout this article, ethos, logos, and pathos are all incorporated in the formation of this argument.

## **The Coddling of the American Mind Summary and Study Guide**

...

1) Is there a mental health crisis among American and British teenagers? In chapter 7 we asserted that there is, and we showed graphs of rising depression and suicide rates for American teens. But some skeptics claimed that self-report measures (of depression and anxiety) are unreliable, and that the suicide statistics are more
