Inside Job is a 2010 American documentary film, directed by Charles Ferguson, about the late-2000s financial crisis. Ferguson, who began researching in 2008, says the film is about "the systemic corruption of the United States by the financial services industry and the consequences of that systemic corruption". In five parts, the film explores how changes in the policy environment and banking practices helped create the financial crisis. Inside Job was acclaimed by film critics, who praised its

Effective leaders work very hard to succeed, but often at the cost of their own souls. They are challenged to keep themselves emotionally and spiritually healthy in order to survive success—to keep their humanity intact. This is the work within the work. Stephen W. Smith helps leaders in the marketplace and in ministry set aside the life-draining values of power, fame, fortune and position and instead explore the life-giving qualities of building character. In this book you will learn to: Recognize and determine the inner and outer markers of success Explore eight compelling virtues that every leader must possess Use the principle of rhythm rather than chase the myth of balance Recognize the limits of your own leadership Discover how to thrive, not just survive There is a better way to live than the craziness we experience in our driven world. Inside Job is your invitation to journey inside and do the work within your

work.

New York Times Bestseller: A history of the S&L scandal that caused a financial disaster for American taxpayers: “ Hard to put down ” (Library Journal). For most of the 20th century, savings and loans were an invaluable thread of the American economy. But in the 1970s, Congress passed sweeping financial deregulation at the insistence of industry insiders that allowed these once quaint and useful institutions to spread their taxpayer-insured assets into new and risky investments. The looser regulations and reduced federal oversight also opened the industry to an army of shady characters, white-collar criminals, and organized crime groups. Less than 10 years later, half the nation ’ s savings and loans were insolvent, leaving the American taxpayer on the hook for a large hunk of the nearly half a trillion dollars that had gone missing. The authors of Inside Job saw signs of danger long before the scandal hit nationwide. Decades after the savings and loan collapse, Inside Job remains a thrilling read and a sobering reminder that our financial institutions are more fragile than they appear.

National decline is typically blamed on special interests from the demand side of politics corrupting a country's institutions. The usual demand-side suspects include crony capitalists, consumer activists, economic elites, and labor unions. Less attention is given to government insiders on the supply side of politics - rulers, elected officials, bureaucrats, and public employees. In autocracies and democracies, government insiders have the motive, means, and opportunity to co-opt political power for their benefit and at the expense of national

well-being. Many storied empires have succumbed to such inside jobs. Today, they imperil countries as different as China and the United States. Democracy - government by the people - does not ensure government for the people. Understanding how government insiders use their power to subvert the public interest - and how these negative consequences can be mitigated - is the topic of this book by Mark A. Zupan.

Based on explosive interviews, court documents and corporate archives, Inside Job traces in gripping detail how decades of deregulation gave birth to a predator nation, with power players cycling through positions in government, academia and Wall Street - and continuing to do so even in the wake of the global financial crisis. With stunning clarity, Charles Ferguson delivers an uncompromising accounting of how a new economic oligarchy has wrested control of our politics and the prospects for real recovery.

Secret Service Agent Mike Byrne is too late ... Too late to save the one man who knew the truth - the star witness who was about to blow the whistle on the biggest banking scandal in history. Too late to stop an innocent man from dying, and so plunging the world of high finance into a death spiral of violence and murder. Because payback for bankers who gambled with other people's money is being handed out in bullets and bombs. And now the only person who can keep the bankers alive is Agent Byrne, who finds himself having to protect the very people he swore to take down. Before long Byrne is locked into a deadly fight with an unseen enemy - an enemy that will stop at nothing to

inside Lincoln prison, a local jail opened in 1872. Joy Osborne writes from the heart with sensitivity and passion. The reader is drawn into a world which is generally unknown to the public. Following theological training, Joy felt God calling her beyond the church building to work inside the prison walls with some of the country's most prolific offenders. She shared in the lives of those shunned by society and saw beyond crimes committed to the person's humanity. Inside the busy jail, it was often ministry on the 'hoof', responding to an immediate crisis. Being ready with a listening ear, advice, compassion, an offer of help and prayers when requested were just part of a busy day. The challenges of prison life are portrayed in this book and are felt by the reader as they journey with Joy on an amazing walk through the prison and beyond.
