Mesh Yourself! Why the Future of Business is Sharing ...

"The Mesh is the future of business—and Lisa Gansky describes it brilliantly! Read this book to find out what you need to do to be part of the new economy of the Mesh!" —ALAN M. WEBBER, co-founding editor, Fast Company, and author of Rules of Thumb "Networks exist only because of what you put into them, not what you take out. Lisa

Table of Contents

Lisa Gansky, author of "The Mesh," talks about a future of business that's about sharing all kinds of stuff, either via smart and tech-enabled rental or, more boldly, peer-to-peer. Examples across industries -- from music to cars -- show how close we are to this meshy future.

Lisa Gansky: The future of business is the "mesh" | TED Talk

why the mesh Tomorrow's business leaders recognize that trust in a business's environmental and social practices increasingly drives informed consumers' decisions. Successful Mesh businesses harness information from customers, combine it with data from physical products and social networks, and then use that information to satisfy customers, and their friends, in ways never before dreamed of.
